

Folded Paper Flowers

These instructions were adapted from the JustFantastic YouTube channel.

1. Start with 1 square sheet of lightweight paper.
2. Fold square in half lengthwise, then in half again.
3. Fold it half diagonally and then in half diagonally again.
4. Trim the excess paper from the top of the wedge.
5. Unfold the wedge one fold.
6. Draw the desired flower shape on the wedge and cut out. See templates for ideas.
7. Open up the flower and adjust or trim.
