

## March Sisters' Craft Corner: Jo's Good Strong Words

The book *Little Women* has many popular quotes throughout. A framed quote makes a charming gift for anyone who loves the book or the characters (or both).

### Supplies Needed

- Vellum paper
- Printer
- Photocopier
- 5 x 7 picture frame
- Cardstock or copy paper
- Pencil
- Scissors (or paper cutter)
- Quote Template
- *Little Women* page template

### Instructions

1. Take apart the picture frame and set aside.
2. Print the *Little Women* page template on regular copy paper or cardstock.
3. Print the Quote template on vellum paper.
4. Once the copies are completely dry and smudge proof, place the vellum with the quote over the *Little Women* page and adjust to make a pleasing composition.
5. Place the glass insert from the picture frame over the composition and, using a pencil, draw around the glass. Remove the glass and cut the vellum piece on the pencil-drawn lines.
6. Once the vellum piece is cut out, place it back over the *Little Women* page and mark the lines for cutting on the *Little Women* page. You could also place the glass insert over it to use as a guide for your pencil.
7. Cut out the *Little Women* page on the pencil-drawn lines.
8. Place the glass insert back in the frame along with the vellum piece, the *Little Women* page and the back of the frame. Be sure that the fit is snug front to back so that the back page shows through the vellum.
9. Watch the video tutorial on YouTube: <https://youtu.be/AICmBP6sfs>.
