

Fantasy Map

This is a fun and easy craft to make.

Supplies Needed:

- Vintage Paper
- Pencil (not included in kit)
- Ruler (optional and not included in kit)
- Dry Rice

Instructions:

1. Pour dry rice onto the page and spread it around to your desired shape.
2. With your pencil, trace around the rice to create your land.
3. Remove the dry rice and refer to the key for cartography icon suggestions, or create your own.

Tips:

- Draw a compass at the top of your map to indicate North, South, East, and West.
- Create waves around your islands.
- Remember the five major biomes when determining what will be on your map- aquatic, grassland, forest, desert, and tundra.
- You can Google cartography icon images and find some great images on Pinterest!
